

## COMMENTS NA NEED MAMEET SA SYSTEM

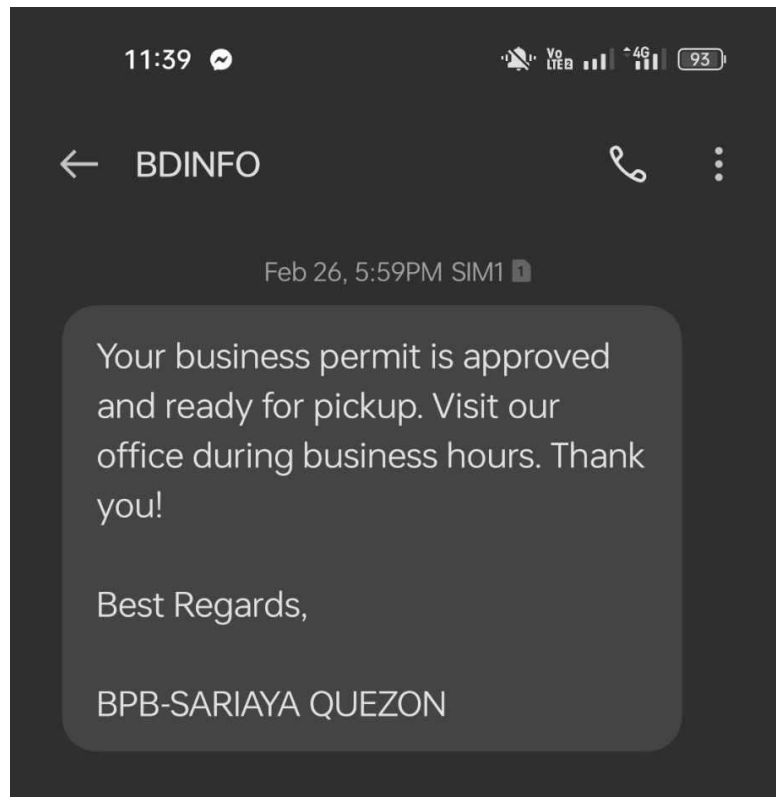

- 1) Add a **List of Requirements** button sa left side ng proceed ng Proceed button that indicates the list of requirements per department (remove the MPDC requirements, and MPDC requirements list). Make it **Business Permit ng Bayan. Register and Renew your Business to us.**

Tatanggalin ito, papaltan ng **'Business Permit ng Bayan. Register and Renew your Business to us.'** Tapos mag lalagay ng list of requirements na button dito na kapag pinindot ang lalabas ay mga list ng requirements per department.

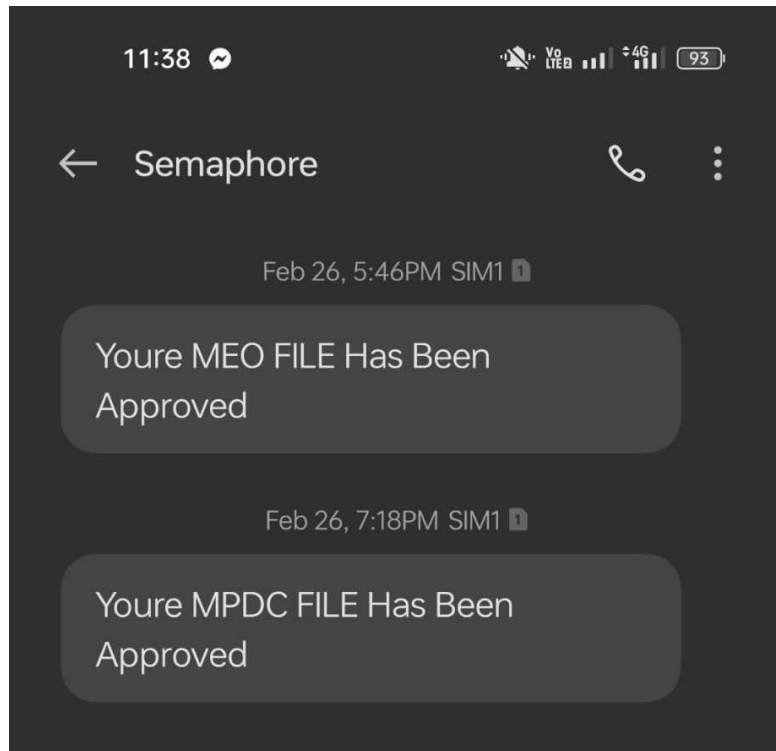

- 2) Generated Permits na dapat ang lalabas kapag mag issue ng permit ang per department, naipasa na po sa gc ang mga format ng permits. (locational clearance, sanitary permit, business permit, and fire safety inspection certificate (FSIC))

3) Business hours must be included to the SMS notification for releasing.

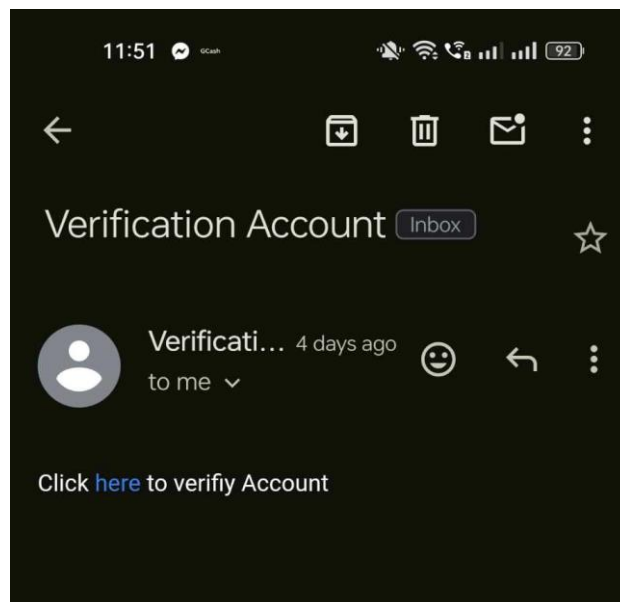

4) Ayusin po yung MENRO department gawa po ng nag eerror

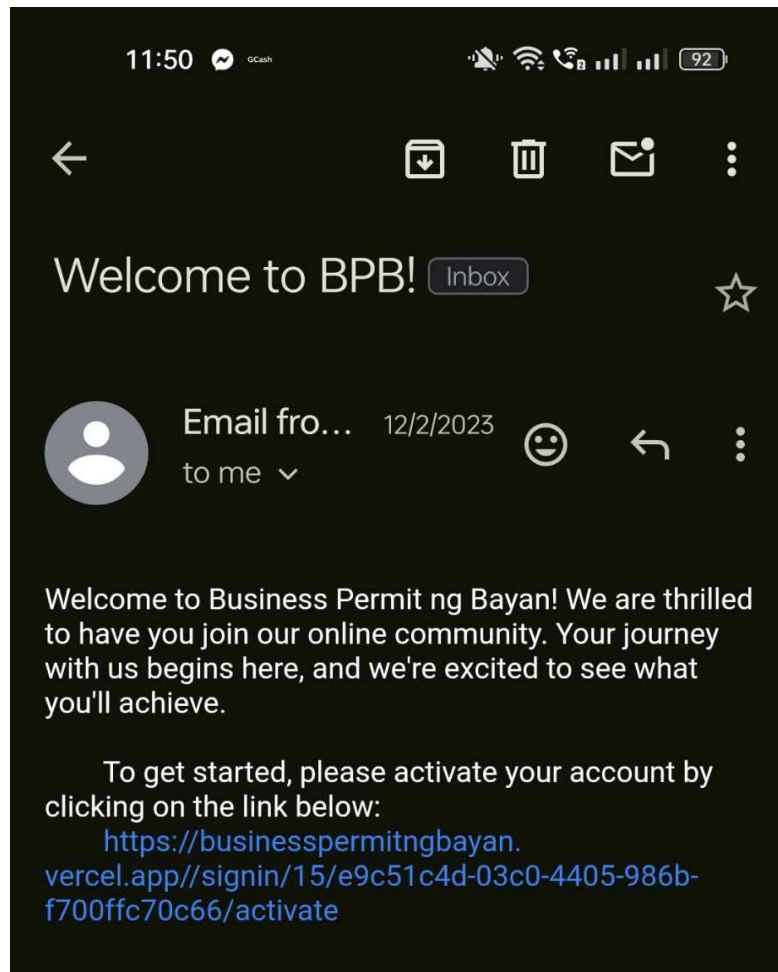

5) per department pati ang sms notification, ang nagana lang ng sms notification ay meo at mpdc.

6) Improve verification link message and Change verification account name to Business Permit ng Bayan (BPB)

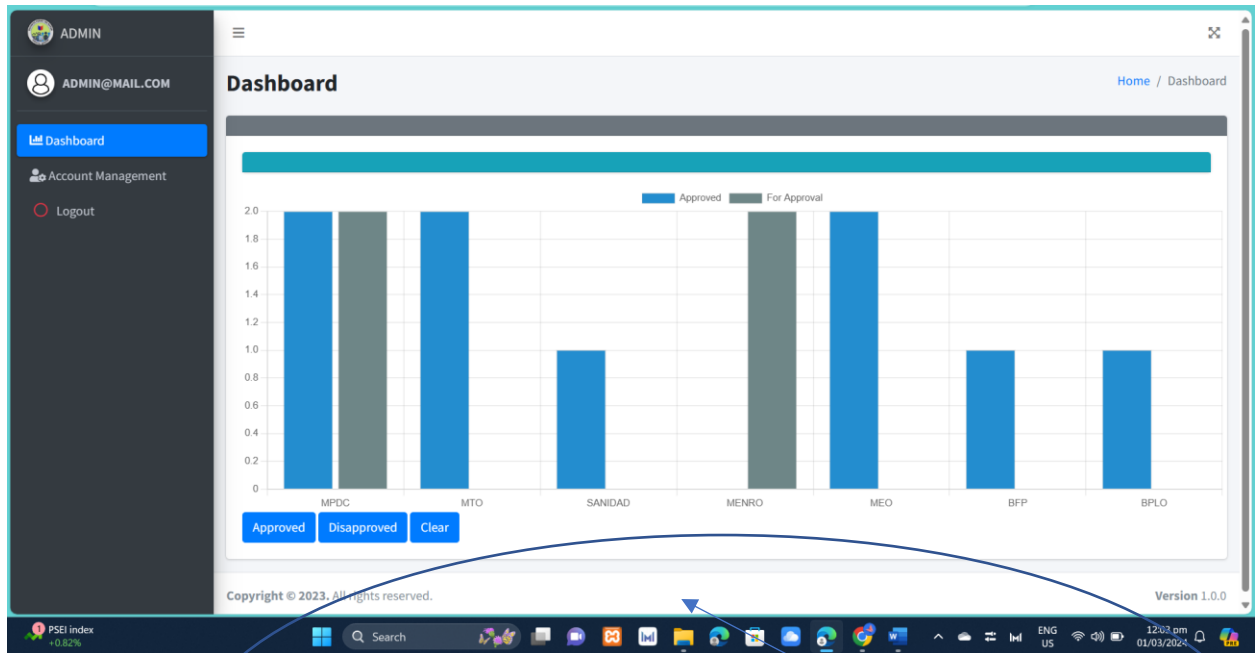

Ito po dapat ang kapalit na sa verification account at sa message

Graph must include 3 buttons (approve, pending, disapprove) and must filter by weeks, months, and years.

- Approve button must filter the approve application and shows the name of the owner, business name
- Pending button must filter the pending application and shows the name of the owner, business name
- Disapprove button must filter the disapprove application and shows the name of the owner, business name

Sana po sa baba ilagay yung list na number nung approve, name at business name

Paayos din po ng forgot password
